

EDUCATION	University of Nebraska–Lincoln (UNL) <i>Ph.D. student in Mathematics</i> • Advisor: Mark Walker • Research area: Commutative Algebra, Homological Algebra	Lincoln, Nebraska 2023–present
	University of Nebraska–Lincoln <i>B.S. in Mathematics and Computer Science</i>	Lincoln, Nebraska 2020–2023
FELLOWSHIPS	Othmer Fellowship University of Nebraska–Lincoln	2023–2026
	Global Laureate Scholarship University of Nebraska–Lincoln	2020–2023
TEACHING EXPERIENCE	Calculus II Teaching Assistant, Associate Convener	Fall 2025–Spring 2026
	Calculus II Instructor	Summer 2025
	Contemporary Math Instructor	Spring 2025 Pre-Session
	College Algebra Instructor	Fall 2024–Spring 2025
	Calculus II Teaching Assistant	Summer 2024
	Calculus I Teaching Assistant	Spring 2024
	Calculus II Teaching Assistant	Fall 2023
SERVICE & OUTREACH	Nebraska Conference for Undergraduate Wisdom in Mathematics Organizing Committee • Scheduled talks, presentations for NCUWM 2026. • Assisted with setups, execution, and organizing volunteers at the conference with 200+ anticipated students.	Fall 2025–Spring 2026
	Department of Mathematics, UNL Associate Convener • Coordinated weekly meetings for Calculus II teaching assistants to plan recitations and share teaching strategies. • Mentored and supported first-year graduate teaching assistants in instructional practices and classroom management.	Fall 2025–Spring 2026
	Department of Mathematics, UNL Course Curriculum Development • Redesigned College Algebra assessment structure using a mastery-based learning framework. • Developed and implemented online assessments using the WeBWorK platform.	Summer 2025
	Ulrich Modules UNL Commutative Algebra Reading Seminars (CARS)	March 2026
	Brief Overview of Dedekind Domains UNL CARS	November 2025
RESEARCH TALKS	The Hilbert-Burch Theorem and The Peskine-Szpiro Acyclicity Lemma UNL CARS	August 2025
	Lower Bounds for Betti Numbers of Graded Modules UNL CARS	April 2025
	The p-adic numbers Nebraska Conference for Undergraduate Women in Mathematics	January 2023

REU on p -adic numbers and p -derivations

University of Nebraska–Lincoln

Summer 2022

- Research Advisors: Eloísa Grifo and Jack Jeffries
- Supported by NSF grant DMS-2140355
